Statistics for the SDGs - global indicators

Name of the indicator	**4.2.2 Participation rate in organized learning (one year before the official primary entry age)**
Sustainable Development Goal	Goal 4. Quality education
Target	4.2 By 2030, ensure that all girls and boys have access to quality early childhood development, care and pre-primary education so that they are ready for primary education
Definition	Percentage of children aged 6 years old participating in organized learning.
Unit	percent [%]
Available dimensions	total, sex
Methodological explanations	According to the changes in the provisions of the Education System Act, 5 to 6 year old children (for school years from 2011/12 to 2015/16) and 6 year old children (for shchool years 2009/10, 2010/11 and 2016/17) were taken into account. Calculations include all 5 and 6 year old children in pre-primary education (kindergartens, pre-school, pre-primary, pre-primary), and 6-year-olds in primary schools. Calculations do not include children: • • at the age of 7 and more in pre-school education institutions; • • in revalidation and upbringing centers and other forms of pre-school / early-school education; • • meeting the obligation to prepare pre-school and school duty outside of Poland. Population was developed on the basis of: • • balances of population living in the commune based on the data of the National Population and Housing Census 2011 (for data from 2010) for previous years (2003-2009) based on the data of the 2002 National Population and Housing Census, • • registers of the Ministry of the Interior - internal and foreign migrations for permanent residence (since 2006 data are collected from the PESEL register - Universal Electronic System of Population Records), • • reports of civil registry offices - marriages, births, deaths.
Data source	Statistics Poland
Data availability	Annually, since 2010
