

## Statistics for the SDGs - indicators for national priorities

|                              |  |
|------------------------------|--|
| Name of the indicator        | 16.3.a Share of expenditures on national defense in GDP  |
| Sustainable Development Goal | 'Goal 16. Peace, justice and strong institutions'  |
| Priority                     | Integrated national security management, including state defense management and building adaptive capabilities   |
| Definition                   | Sum of expenditures on national defense in relations to GDP.   |
| Unit                         | percent [%]  |
| Available dimensions         | total  |
| Methodological explanations  | <p><b>Defense expenditures</b> are the total amount of expenditures incurred in a reporting year expressed according to the methodology of preparation of "Defense Planning Capability Survey – DPCS".</p> <p><b>Gross domestic product (GDP)</b> illustrates the final result of the activity of all entities of the national economy (resident producer units – domestic) in a given year. The exact definition and methodology for calculating GDP is contained in the regulation (EU) No 549/2013 of the European Parliament and of the Council of 21 May 2013 on the European system of national and regional accounts in the European Union (ESA 2010).</p> <p>For the purposes of monitoring, the actual expenditure incurred for national defense calculated after the reporting year has been taken into account.</p> |
