Priority	Fulfillment of housing needs of urban population by building a universal and accessible housing market, including the development of social housing
Definition	Number of social rental and municipal housing completed in cities per 1 thous. urban residents.
Unit	pieces
Available dimentions	total
Methodological explanations	**A dwelling** - a space for permanent residence of persons, built or remodelled for residential purpose; structurally separated (by permanent walls) within a building, consisting of a one or several rooms and auxiliary spaces (i.e.: foyer, hall, bathroom, toilet, wardrobe, pantry, hiding place), into which a separate access leads. A dwelling in residences for communities is understood as a premises, which is designated for the permanent residence. Information regarding completed dwellings concern all dwellings, i.e. dwellings in new or expanded residential or non-residential buildings (less than half of the total useful floor area is intended for residential purposes). **Completion of a dwelling/building** - according to the building law - means that the investor reported completion of its construction to the proper building control authorities and this body has not reported an objection (through a decision) or that the investor has obtained permission for use of this dwelling/building (through a decision) from the building control authorities. **Municipal construction** - housing construction primarily with a social or intervention character, realised entirely with gmina funds for the residential needs of low-income households. **Social rental housing** - housing construction implemented by Social Housing Assosiantions operating on a "non-profit" basis using a loan from Bank Gospodarstwa Krajowego.
