

Statistics for the SDGs - indicators for regional priorities

Name of the indicator	13.B.2 Outlays on fixed assets serving environmental protection in research-development activity
Sustainable Development Goal	Goal 13. Climate action
Priority	Introduction of innovative technologies for the use of available energy sources
Definition	Gross fixed capital formation for environmental protection in research and development.
Unit	thousands, PLN
Available dimensions	total
Methodological explanations	Gross fixed capital formation – expenditure that increases the value of fixed assets and expenditure incurred for the repair of fixed assets and the increase in intangible assets. Investments on environmental protection – expenditure on creation or increase of fixed assets serving environmental protection. They can be expressed: 1) in monetary terms, as investment expenditures incurred for environmental protection activities, 2) in tangible form (effects), as environmental protection devices or technical equipment used for environmental protection purposes. Those may be end-of-pipe equipment or integrated technologies. Research and development (R&D) - research and experimental development (R&D) comprise creative and systematic work undertaken in order to increase the stock of knowledge - including knowledge of humankind, culture and society - and to devise new applications of available knowledge. The five criteria for identifying R&D: • novel - to be aimed at new findings, • creative - to be based on original, not obvious, concepts and hypotheses, • uncertain - to be uncertain about the final outcome and the cost, including time allocation, • systematic - to be conducted in a planned way (with identified the purpose of the R&D project and the sources of funding), • transferable and/or reproducible - to lead to results that could be possibly reproduced. Research and development includes: 1. scientific research a) - basic research b) - applied research (industrial research) 2. experimental development
Data source	Statistics Poland / Ministry of Agriculture and Rural Development / Chief Inspectorate of Environmental Protection / Ministry of Climate and Environment
Data availability	Annual data, since 2010
