| Methodological explanations  | <p><b>Recycling</b> - recovery, in which waste is reprocessed into products, materials or substances used for their original purpose or other purposes; this includes the reprocessing of organic material (organic recycling) but does not include energy recovery and reprocessing into materials that are to be used as fuels or for backfilling purposes.</p> <p><b>Capital expenditure</b> - financial or material expenditure aimed at creating new fixed assets or improving (reconstruction, extension, reconstruction or modernization) of existing fixed assets, as well as expenditure on the so-called first investment equipment.</p> |
