

Statistics for the SDGs - indicators for national priorities

Name of the indicator	5.1.a Gender pay gap
Sustainable Development Goal	Goal 5. Gender equality
Priority	More complete fulfillment of the principle of women and men's equality
Definition	Difference between average gross hourly earnings of men and women expressed as a percentage of average gross hourly earnings of men.
Unit	percent [%]
Available dimensions	total
Methodological explanations	The gender pay gap is always calculated on October data (reference month) in accordance with the Eurostat methodology for the Structure of Earnings survey. Data concern entities employing 10 persons and more according to the Polish Classification of Activities (PKD) 2007 (sections B to S). The indicator is calculated on the basis of collected data in compliance with the methodology of earnings structure – Council Regulation (EC) No 530/1999 of 9 March 1999 concerning structural statistics on earnings and on labour costs.
Data source	Statistics Poland
Data availability	Annual data; since 2010
Notes	2021 - preliminary data.
